Details

The Sussex Chelonian Society aims to produce three informal magazines each year, with the latest ideas on Chelonian management. Included in this, will be some informative articles relevant to the time of year, and is often written with a light hearted element.

Free advice is always available by telephone or by email. Information can also be provided in a leaflet format as well as being accessible via our website.

Clinics are held in Lewes on the last Sunday of every month, offering health checks, identification, weighing Microchipping and worming when appropriate.

Subscriptions should be paid annually and may be paid by standing order, cash cheque, bank transfer or PayPal.

Our bank details are: Lloyds Bank
sort code 30-95-01
account number 00478961
